

May 11, 2009

Scott / Margaret,

I wanted to send this to let you know how pleasant an experience we have had with your company. The visit we had with you and the time you spent with us made us feel very comfortable to do business with you. The installation went very well thanks to Mark Schumaker and your team. Mark is very professional and knowledgeable and helped us in many ways. We are making the best packages we have ever made in this facility and I would like to personally thank you both.

Sincerely,

**Chris Vaught**
